SUMMARY

- Results-driven Data Engineer with experience in the banking, telecommunications, and energy sectors.
- Skilled at leading end-to-end data projects, mentoring teams, and developing reusable frameworks in Spark.
- Scala, Python and Java.
- Strong background in both Cloudera and Azure ecosystems, with a focus on Spark, Kafka, and Delta Lake architectures.
- Skilled in working with a wide range of SQL and NoSQL databases, including Oracle, Postgres, MongoDB OnPrem/Atlas, Hive, HBase to name a few, with a solid understanding of how to optimize performance, scalability and data reliability across different storage architectures.
- Eager to deepen expertise in cloud architectures and multi-cloud providers, with a proven ability to adapt quickly to new technologies, environments, and evolving business needs.

WORK EXPERIENCE

Santander Portugal — Lisbon, Portugal

Big Data Engineer — May 2021 – Present

- Senior Data Engineer and technical lead overseeing full project lifecycles.
- Designed, developed and maintained scalable data frameworks using in Scala, Python, Java and Spark.
- Led mainframe offloading to Oracle and MongoDB using IBM CDC and Kafka Confluent.
- Championed real-time processing with Kafka, KStreams, and Confluent.
- Engineered Springboot microservices with a strong focus on reliability and scalability, supporting essential banking operations and real-time data flows.

- Defined data governance and frameworks best practices.
- Strong understanding of data lake and lakehouse architectures, including NoSQL storage patterns.
- Experience working with modern Big Data warehouses such as HDFS, Hive and Delta.
- Ensured technical foundations such as scalability, security, performance, disaster recovery and reliability.
- Interviewed and onboarded new engineers.

Xpand IT — Lisbon, Portugal

Big Data Engineer — Jan 2019 – May 2021

- Worked as a Big Data consultant for NOS, Caixa Geral de Depósitos (CGD) and Santander Portugal through Xpand IT, delivering solutions on their Cloudera-based platforms.
- Developed reusable data frameworks in Scala.
- Designed ingestion and transformation pipelines in Scala, Java, and Spark.
- Developed CDC ingestion frameworks using Kafka.
- Used Streamsets and Sqoops for Data Ingestion.
- Delivered PoCs validate the feasibility, performance, and architectural viability of proposed Big Data solutions for full scale deployment.
- Developed internal libraries and worked with Kerberos-secured environments.

Alter Solutions — Lisbon, Portugal

Software Developer — Oct 2017 – Dec 2018

- Worked as a consultant via Alter Solutions for Accenture at EDP, developing and maintaining enterprise solutions on the Oracle CCB platform.
- Developed enterprise solutions with Java, JavaScript, SQL.
- Improved and maintained data integrity with ETL scripts.

EDUCATION

Instituto Superior Técnico — Lisbon, Portugal

- MSc & BSc in Computer Science and Engineering (Distributed Systems & Information Systems)

TECHNICAL SKILLS

Languages & Development: Scala, Python, Java, SQL, JavaScript, Shell.

Big Data & Distributed Processing: Apache Spark (batch/streaming), Databricks, Kafka/KStreams, Confluent Kafka, Delta Lake, CDC pipelines.

Cloud & Platforms: Azure Databricks, Azure Synapse, Cloudera, Confluent Platform.

Data Architecture & Engineering: Data Lake/Lakehouse, data ingestion and transformation pipelines, real-time data processing, Spring Boot microservices for critical banking operations, data governance and DataOps (performance, reliability, observability)

Databases: Oracle, Postgres, MySQL, Hive, Impala, HBase, MongoDB On-Prem/Atlas

Tools & Ecosystem: Maven, Git, GoCD, Control-M, Kerberos, IBM CDC

TOOLS AND METHODOLOGIES

- Experience with Agile methodologies and collaboration tools such as Jira and Confluence.
- Comfortable working in regulated industries, including handling data compliance and GDPR requirements.

CERTIFICATIONS

- CCA Spark and Hadoop Developer — Cloudera (Expired Feb 2023)
- Azure Databricks Essentials — Microsoft (Expired Nov 2022)

LANGUAGES

- Portuguese (Native)
- English (Fluent)
- Spanish (Intermediate)

COMMUNITY

- CoderDojo Lisbon — Mentor
- Ice/Inline Hockey — Competitive National Player
